Motion by Forbush, supported by Rexin the Board of Education approved the Statement of Work – Digital Workforce Development Proposal pending final approval from the Department of Labor and Economic Opportunity (LEO) and/or receipt of funds. The funding is provided through the Michigan General Fund in section Sec. 1005 and section 503 of the supplemental budget. Sec. 503. Funds appropriated in part 1 for digital workforce development must be allocated to an intermediate school district that serves a school district that serves a city with a population greater than 10,000 in a county with a population between 67,000 and 69,000 according to the most recent federal decennial census. The funds appropriated in part 1 for digital workforce development shall be used to provide a single digital platform for career exploration and skill development that will connect prospective employees with interested employers. This digital platform shall be made available to intermediate school districts in this state and the employer community in this state as well as the broader public. The department shall use existing career centric resources such as Michigan Works!, when possible. This digital platform may include, but is not limited to, the following:

- (a) A library of virtual reality content curated to meet education, career, and life skill development and science, technology, engineering, arts, and mathematics teaching objectives.
- (b) Career exploration tools that allow students to analyze their skills and interests, discover related occupations, access information about those occupations, and explore career options through virtual career fairs.
- (c) A tool to connect employers with students who are participating in career and technical education high school training programs, trade schools, community colleges, certificate programs, and credential bootcamps
